

# Disaster Preparedness Training

## Free 3 Hour Class

Most experts agree that the Bay area is at high risk for disasters. In the wake of a disaster such as a large earthquake, public safety professionals may be overwhelmed. As a result people will have to rely on each other for their immediate life saving and life sustaining needs. The key to surviving and thriving after a disaster is education and preparation. This free 3 hour class provides information in areas including:

- The potential for disasters in Santa Clara
- Emergency preparedness supplies to keep at home and in your car
- Steps you can take to make your home safer
- What to do in case of an earthquake
- Communication challenges after a disaster

### Classes offered in 2019
