AGENDA REPORT

Agenda Item # 6D

Santa Clara

City of Santa Clara, California

DATE: October 2, 2007

TO: City Manager/Executive Director for Council/Redevelopment Agency Information

FROM: Deputy City Manager

SUBJECT: Correspondence Received Regarding the Proposed Football Stadium as of September 30, 2007

For the period of July 1 through September 30, 2007, the Mayor and Council Offices, City Manager's Office and other City departments and municipal addresses have received 558 additional emails, phone messages, and letters from residents or others regarding the proposal for a 49ers football stadium. The letters were in support, expressing concerns or opposition, provided suggestions or did not articulate a position. Some of the individuals forwarded copies of newspaper articles or reports. In some cases, multiple items of correspondence have been received from a single individual; for this reason, staff will continue to tabulate the total amount of correspondence received, but will not count the numbers of items in support, expressing concerns or opposition. The recent correspondence/communication is attached to this Agenda Report.

For public clarification, correspondence is provided to the Mayor and Council, and City Manager, shortly after receipt. Correspondence is being acknowledged by staff as time permits. Correspondence is placed into the public record through these periodic Agenda Reports.

TOTAL CORRESPONDENCE RECEIVED

07/01/07 – 07/30/07	43
08/01/07 – 08/24/07	186
08/25/07 – 08/31/07	85
09/01/07 – 09/30/07	244

Dear Mayor and City Council:

OFFICE OF THE MAYOR
CITY OF SANTA CLARA

Please don't go into further debt or use other city assets to build or operate a 49ers stadium in Santa Clara.

Focus, instead, on more pressing community needs such as:

- Affordable housing for seniors and low income families.
- A library north of Bayshore.
- Increasing the city's depleted reserves.
- Attracting companies that would bring full-time, well-paying jobs to our city.

Thank you for your efforts to improve the quality of life in our city.

Mayor Mahan and honorable members of the Santa Clara City Council,
As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:
The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
A new stadium would provide a significant boost to the local economy.
The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.
I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.

Carol McCarthy - Fwd: 49er Stadium

To: Carol McCarthy

Subject: Fwd: 49er Stadium
Attachments: 49er Stadium

Dear Mayor Mahan and City Council,

I'm emailing you to object to the proposed subsidization of the 49er Stadium. At the recent ADA meeting, I heard from our disabled residents about how modifications would make their life easier...voice activated computers at the senior center for blind and paraplegic residents, smart traffic signals, more curb cuts, etc. However all of these things have a price.

Most people love football, and some pay the money to go to a game. Why should the city in debt itself to help a billion dollar football team? Why don't they buy their own stadium? Who ultimately pays the price if the economy sinks and people decide to watch games on tv instead?

Please resist the sweet promises from the 49er's and listen to your constituents. I've been a happy homeowner in Santa Clara since 1980 and would urge you continue to keep your reputation as a responsible government by looking out for your own people.

Thank you for your attention. Please don't disappoint me!

Sincerely, Jean Salmon

Santa Clara Plays Fair

What We Believe

Our city has long deferred more important projects. We believe that Santa Clara should not tax its citizens, increase its debt, or allocate land or any other valuable assets to build or operate a stadium.

Instead, Santa Clara should be using its funding resources to resolve such important needs in our community as:

Affordable housing, particularly for the growing senior population.

A long-promised and long-deferred new library for the residents north of Bayshore.

Attracting businesses that provide basic services to residents north of Bayshore.

Providing more affordable, family-friendly entertainment options.

Seeking alternative and more lucrative investments in industries like green energy that would create full-time, year-round well-paying jobs.

Rebuilding the City's depleted emergency reserves fund.

I will by Tuesday, show these to be false promises

Greetings,

I'll keep this message short and sweet. I do not feel that there is any advantage, and probably many significant disadvantages, to having the San Francisco 49ers come to Santa Clara. I particularly object to any plan that costs Santa Clara taxpayers anything or that provides the 49ers with significant incentives to move (waiver of taxes, etc.).

Subject: FW: City Council and Staff Should Continue Closed Door Meetings Regarding the 49ers Stadium

To the Honorable Mayor and City Council of Santa Clara:

In regards to a recent article in the San Jose Mercury News, which referred to the City of Santa Clara's proposed 49ers stadium talks as "secret," we strongly disagree. We feel the City Council and staff are following the already established legal and ethical channels in the City of Santa Clara that pertain to this complex project. The time and location of these meetings are posted on the City's website. As you know, we experienced a similar process in the new ballroom expansion at the Santa Clara Convention Center. Many of the planning meetings were also closed to the public because they were for the Council Members, the City's elected representatives in such matters. With the 49ers stadium project, we should be patient and allow you and staff to do their due diligence.

- The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.

I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.

Respectfully,

Richard Revdez

As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:

- The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
- A new stadium would provide a significant boost to the local economy.
- The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.

I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.

Respectfully,

Michael Rabe

As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:
The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
A new stadium would provide a significant boost to the local economy.
The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.
I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.
Respectfully,
Dustin Strasburg

Subject: I support the feasibility study

Mayor Mahan and honorable members of the Santa Clara City Council,
As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:
The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
A new stadium would provide a significant boost to the local economy.
The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.
I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.
Respectfully,
joseph messina

As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:
The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
A new stadium would provide a significant boost to the local economy.
The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.
I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.
Respectfully,
Richard Benton

Mayor Mahan and honorable members of the Santa Clara City Council,

As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:

- The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
- A new stadium would provide a significant boost to the local economy.
- The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.

I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.

Respectfully,

Robert Gutierrez

CITY CLERK'S OFFICE
CITY OF SANTA CLARA

Mayor Mahan and honorable members of the Santa Clara City Council,

As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:

- The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
- A new stadium would provide a significant boost to the local economy.
- The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.

I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.

Respectfully,

Al Mazerolle

Mayor Mahan and honorable members of the Santa Clara City Council,
As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:
The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
A new stadium would provide a significant boost to the local economy.
The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.
I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.
Respectfully,
Jordan Wong

Carol McCarthy - Re: San Francisco 49ers stadium proposal

Subject: Re: San Francisco 49ers stadium proposal

Dear Ms. McCarthy

Thank you for your response and this issue is certainly on my mind and minds of several of my neighbors.

Your email is worry some to me.

It is quite evident from the 49ers position, that they want to use public resources for this 'opportunity' and seemed to have made some veiled threats about leaving if it is not approved. They are a for profit organization and will make the best deal they can.

The decision to move forward will effect the city for many, many, many years to come and may (some say will) negatively effect the lives of all Santa Clara residences and the competitiveness of local businesses.

If the feasibility study is deemed acceptable, I don't understand why would the city council would need to 'discuss' bringing this matter to the people for a vote by the citizens whom they work for.

From my perspective, it simply must go to a ballot before gaining approval.

Best regards,

William Gray

PS. I am a 49 fan and would most likely attend the games in a Stadium in Santa Clara. I just want the city council to do the right thing and let the people decide, it's our city.

Carol McCarthy <Cmccarthy@ci.santa-clara.ca.us> wrote:

Dear Mr. Gray:

Your email to the Mayor and City Council, and to the City Manager, was provided to them. I was asked to respond to you on the City's behalf. The information that you heard was not entirely correct, Mr. Gray. Here is the current status of this issue.

The City is continuing to study the feasibility of the 49ers' proposal for a football stadium on City owned land. After the City completes its feasibility study, based on the thorough and complete information obtained through the feasibility study, at a City Council meeting the Council will make a determination whether or not to move forward with the 49ers' football stadium proposal. The feasibility study includes the exploration of all potential costs, and reporting back to the Council and public in greater detail at the conclusion of the study. If the decision is to move the proposal forward, at the following meeting of the City Council, the question of taking the stadium proposal to the citizens for a vote, as you suggested, will be

discussed.

No decision has yet been made if this project would move forward, or if any type of public funds would be used in support of a stadium. There are also insufficient facts at hand to be able to craft specific language for a ballot measure. If the project is deemed not feasible for the City in terms of financial commitment, land use and other issues, and the Council determines that the City should not move the proposal forward, the question of a vote and the costs associated with placing an item on the ballot may be unnecessary. But after the feasibility study, if the determination is made that the proposal is feasible for the City, at the following City Council meeting, Council will discuss placing the matter before the voters.

I hope that the above information is helpful, Mr. Gray. If you require additional clarification, please call me at 615-2210. Your letter will be included in the public record as discussion continues on the 49ers' proposal. Thank you for writing to the City with your comments.

Sincerely,
Carol McCarthy
Deputy City Manager

Hello,

I am a resident of the City of Santa Clara.

After speaking with other residents at the national night out event, I understand that the City Council has not voted to bring the 49er Stadium proposal to a vote by the residents of the city. Everyone I spoke to about this agreed that this is outrageous and unacceptable.

Please bring this proposal to the ballot for the residents to decide its fate as soon as possible.

Regards,

William H. Gray
