SMOKE ALARM AND CARBON MONOXIDE ALARM SELF-CERTIFICATION

PERMIT NUMBER: BLD _____

*This signed certification has to be returned to the Building Division
prior to the final inspection*

PLEASE PRINT

Project Address: _____

Property Owner: _____

Licensed Contractor: _____ License #: _____

The State of California requires smoke and carbon monoxide alarms to be installed in all residential occupancies, I-2 and I-4 occupancies and classrooms in E occupancies in buildings which contain a fuel-burning appliance, fireplace or forced-air furnace.

Smoke and carbon monoxide alarms are permitted to be battery operated in buildings where no alterations are performed on the interior. Smoke, carbon monoxide or multiple-purpose alarms (carbon monoxide and smoke alarms) must be approved and listed by the State Fire Marshal. For an approved list of alarms, go to: <http://osfm.fire.ca.gov/> Smoke alarms must be installed per the manufacturer's instructions and in accordance with UL217. Carbon Monoxide alarms must be listed in accordance with UL 2034.

Alarm Location Requirements

Smoke alarms must be installed:

- a) In each room used for sleeping purposes.**
- b) In each hallway outside of the sleeping room(s).**
- c) On each level of the dwelling, including basements. **

*** Smoke alarms must be installed not less than 3 feet from a door to a bathroom that contains a bathtub or shower, unless this prevents required placement in the hallway.*

Carbon monoxide alarms must be installed:

- a) Outside of each sleeping area in the immediate vicinity of the bedroom(s).
- b) On every occupiable level of the dwelling, including basements.
- c) Within a bedroom where a fuel-burning appliance is located in the bedroom or its attached bathroom.

I hereby certify that smoke alarms and carbon monoxide alarms have been installed in compliance with current California codes and all alarms have been tested and are functional for the above permit.

Signature _____ **Date** _____

I am the (check one): Contractor Property Owner

NOTE: *This self-certification is only to be used for residential exterior projects where access to the interior of the building by the City of Santa Clara Building Inspector is not required during the course of construction.*
