

May 13, 2019

City of San Jose, Department of Transportation
Attn: Ramses Madou, Interim Division Manager
200 East Santa Clara Street, 8th Floor
San Jose, CA 95113

Re: North San Jose

Dear Mr. Madou:

This letter is in regard to changes proposed to the North San Jose Development Policy and Project (North San Jose) and the upcoming May 14 Council item "North San Jose Area Development Policy Update."

Santa Clara staff has participated in meetings with San Jose staff on the proposed changes and received a draft traffic analysis regarding the project. Santa Clara staff provided a comment letter to the City of San Jose on March 22, 2019 outlining our questions and concerns related to CEQA analysis, the 2006 North San Jose Settlement Agreement provisions, proposed changes to transportation phases, and planning.

To date, the City of San Jose has not adequately addressed any of the topics raised in the March 22, 2019 letter and has not provided a formal response. City of Santa Clara staff is concerned that the proposed changes to the North San Jose Development Policy and Project will negatively impact residents and businesses through increased traffic and other potential land use and environmental impacts. The City of Santa Clara requires these issues to be addressed prior to approving any changes to the North San Jose Development Policy and Project.

Sincerely,

FOR

Andrew Crabtree
Director of Community Development
