Census 2020 is Coming!

Every ten years, the United States conducts a census, as required by the U.S. Constitution. This count helps fund services like health care, transportation, public safety, educational programs and more. It also determines how many federal dollars are provided to each state for that programming. Santa Clara is committed to making sure that all its residents are counted. Check out SantaClaraCA.gov/census2020 for more information.
