---

This is a summary of the City of Santa Clara's latest response efforts along with impacts to local events and City programs/services due to the coronavirus (COVID-19) public health emergency.

### Current Developments

- Starting Friday, June 5, Santa Clara County will have more businesses and restaurants open since before March 17.
  - The County's [amended Shelter-in-Place order](#) outlines social distancing protocols and COVID-19 related safety requirements that are in place to protect workers, customers and the community.
  - View the [County Public Health flyer](#) for details about what's open under the updated order.
  - To continue to slow the spread of COVID-19, County public health officials remind everyone to continue to wear face coverings in public, wash hands frequently and keep at least six feet apart from people who are not part of your household.
- Here in Santa Clara, we're continuing to stay covered with the use of face coverings when leaving home.
  - Face coverings, such as a bandana, scarf, towel or other piece of clothing or fabric, are required when at a business and on public transit.
  - Show how #SantaClaraHasItCovered by taking a selfie while wearing a face covering and posting it on social media.
  - According to the Centers for Disease Control and Prevention, face coverings can slow the spread of the virus and help people, who may have the virus and do not know it, from transmitting it to others.
