This is a summary of the City of Santa Clara's latest response efforts along with impacts to local events and City programs/services due to the coronavirus (COVID-19) public health emergency.

Current Developments

- In partnership with the [County of Santa Clara](#), the City will hold free COVID-19 testing at the Northside Branch Library, 695 Moreland Way, starting Tuesday, June 23. The dates and times are:
 - Tuesday, June 23 - Friday, June 26
10 a.m.-4 p.m.
 - No appointments are needed for the free nasal swab test at this pop-up location in Santa Clara.
 - COVID-19 testing is free to everyone.
 - No health insurance or a doctor's note is required.
 - It does not impact one's immigration status.
 - Remember to wear a face covering at the testing site.
 - According to County public health officials, pop-up locations are most appropriate for individuals who do not have any symptoms but who are at higher risk because they work in frontline settings or because they've had significant interaction with members of the public.
 - This includes grocery store clerks, construction workers, retail associates, first responders and other workers, as well as individuals who regularly ride public transit or have recently attended a mass gathering.
