

# VIRTUAL COMMUNITY MEETING

## Monday, August 10, 2020 at 5 PM

Please join the virtual community meeting hosted by the City of Santa Clara Community Development Department to learn more about proposed amendments to the Tasman East Specific Plan and a proposed amendment to the City’s Transit Neighborhood Zoning District.

The proposed amendments to the Tasman East Specific Plan would allow for the replacement of a street extension of Calle Del Sol with a pedestrian and bicycle paseo and allow for additional methods of site-wide transportation demand management measures.

The proposed amendment to the City’s Transit Neighborhood Zoning District would allow for non-residential uses to be permitted within the first three floors of new mixed-use buildings. Currently the Zoning District only allows for new non-residential uses on the ground floor of new mixed-use buildings.

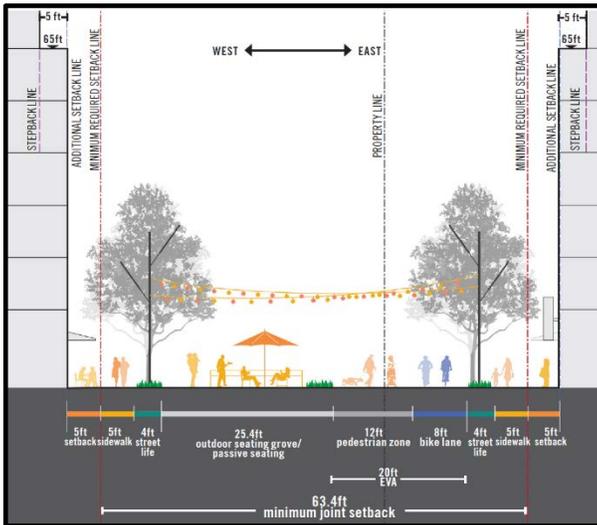

At the meeting, City Staff will provide an overview of the proposal and will be available to answer questions and receive feedback.
