

Get Your Flu Vaccination ASAP!

Our Santa Clara County Public Health Department reminds us that every person aged 6 months and older needs the flu vaccine, every year. This is especially true this year, with COVID-19 also circulating widely in Santa Clara County.

Following is a list of locations where you can get vaccinated. Check with your healthcare provider to find out what is appropriate for you. If you need further assistance, please contact the RNs at the Santa Clara Senior Center's Health & Wellness Program (408) 615-3170. We can help you narrow your search.

Flu Shots on Saturdays at the Fairgrounds in San Jose

and every Saturday, September through mid-December (free, no appointment required):
