

Alternative Materials and Methods Application

FY2025-2026

APPLICATION FOR THE USE OF ALTERNATIVE MATERIAL, ASSEMBLY OR MATERIALS, EQUIPMENT, METHOD OF CONSTRUCTION, METHOD OF INSTALLATION OF EQUIPMENT OR MEANS OF PROTECTION

The provisions of the code are not intended to prevent the use of any material, alternate design or method of construction not specifically prescribed by the code, provided an alternate has been approved. Sufficient evidence or proof shall be submitted to substantiate any claim that may be made regarding its conformance. The Community Risk Reduction Division must make a finding that the proposed design is satisfactory and complies with the intent of the provisions of this code, and that the material, method or work offered is at least the equivalent of that prescribed in the code in quality, strength, effectiveness, fire resistance, durability and safety. All interpretations shall comply with the intent and purpose of this code and shall not have the effect of waiving requirements specifically provided for in this code.

Submittal shall include but not be limited to the following: A complete application, copies of all documents supporting the justification statement in the request, signature of the applicable "licensed" design professional, and associated permit fees. Each request, address, or building shall require a separate AMM application and should be associated with a Fire Permit which may have already been applied for or may be applied for concurrently.

Application

The undersigned hereby requests approval of the following:

Under the authority of :

2022 CFC, Section 104.10

2022 CBC, Section 104.11

2022 CMC, Section 1.2.3

2022 CEC, Section 89.102.3

2022 CPC, Section 1.2.3
