

*Santa Clara PAL has been a community supporter of youth in the city of Santa Clara for over 55 years. We provide opportunities to any child that wants to participate in a wide variety of youth sports. The players of this U12 Sparks softball team will forever be able to say they represented the city of Santa Clara with Pride and Sportsmanship, through Teamwork. This state tournament is for girls only, as such it sends a message to all young ladies of the city that they in fact have a seat at the table of sports.*
